VMAC 2019

Vascular Medicine
and Atherosclerosis
CONGRESS

The first joint meeting of the three leading societies focusing on atherosclerosis and its sequelae in Germany: DACH, DGFF (Lipid-Liga) and DGAF.

TOPICS INCLUDED

- Latest news from basic vascular research on atherosclerosis and associated diseases – new targets and novel markers
- Immunology made easy – immunomodulation the final fountain of youth?
- Practical lipidology – where do we stand, where will we go?
- Thrombosis and coagulation – what are our targets?
- Genetics – the explanation of everything?
- Personalized medicine – the future or a hollow promise?

CONVENORS

Deutsche Gesellschaft
für Arterioskleroseforschung e.V.

Deutsche Gesellschaft
zur Bekämpfung von Fettstoffwechselstörungen
und ihren Folgeerkrankungen DGFF (Lipid-Liga) e. V.
